

Permit Number(s): _____

Project Address: _____

City of Imperial Beach

Waste Management Plan

WMP required because project is a

- Demolition project \geq 250 square feet of floor area
- Construction project \geq \$25,000
- Construction \geq 250 sq. ft. of floor area

Permit Application: This Waste Management Plan (WMP) must be completed, submitted for review, and approved to obtain a permit. Separate WMP's must be completed for demolition and construction at the same site, if separate permits are required.

Final Project Approval: A completed WMP with required receipts and/or other required documentation must be completed to receive final project approval.

SECTION ONE: Permit Application

I understand that I am required by City of Imperial Beach Ordinance No. 2005-11037 to salvage, reuse, or recycle a minimum of 50% of all construction and demolition debris (C&D) for this project. This WMP demonstrates how I will satisfy these requirements. _____(initial)

Applicant's Name: _____ Phone: _____

Applicant is: Owner _____ Architect _____ Builder _____ Owner/builder _____ Other _____

Applicant's Firm (if applicable) _____

Project Type and Size: _____

Step 1: Salvage and Reuse

Is this a permit for demolition?

no (go to step 2)

yes (please fill in this section)

What materials will be reused on site and what will they be used for?

Types of materials to be reused _____ Used for? _____

What materials will be saved for use somewhere else? Will you use a salvage company?

Types of materials to be salvaged _____

Salvage Company _____ Bus. Lic. # _____

Step 2: Recycling C&D Debris

At the completion of this project, or more frequently if required, receipts and/or other equivalent documentation from salvage, recycling or waste facilities will be provided to the City of Imperial Beach and I will declare that I have complied with the ordinance. The table below indicates what materials I expect to generate and which facilities I will use. _____(initial)

Will you be using a hauling company or a debris box company? If so, what company?

Hauler _____ Debris Box _____

What company? _____ Bus. Lic. # _____

EDCO

Bus. Lic. #47533

Please check the materials you will generate and fill in the facilities that will be used.

	Material	√	Reuse or Recycling Weight *	Disposal Weight
M I X E D C & D	One compliance option is to take all loads of mixed C&D to a sorting facility, where the recyclables are sorted from a load of mixed waste. The mixed C&D facilities must have a recycling rate over 50%.		(put explanation of calculation of weight here)	Some mixed C&D facilities may also be disposal sites, so make sure that your receipt indicates that the debris will be recycled.
I N E R T S	Asphalt			
	Bricks			
	Concrete			
	Dirt			
	Other inert solids			
O T H E R	Cardboard			
	Metals			
	Wood			
	Roofing			
	Carpet			
	Drywall / Plaster / Stucco			
	Green Waste			
	Disposal			

*If any materials subject to the ordinance will be reused, recycled, or otherwise salvaged in Mexico, please state the facility at which this will occur, including address and a contact name and number. Where materials are taken to Mexico to satisfy the ordinance requirements, the certification below must be completed.

I understand that any materials for reuse, recycling or other salvage claimed by me to be salvaged in Mexico, shall fully comply with the requirements of this WMP, the ordinance and any other applicable law, rule, regulation and/or policy. A weight scale receipt issued from a scale (1) within the United States and (2) meeting all regulatory standards per the ordinance, shall be provided for such materials. I am aware that the City may require additional documentation to verify compliance.

Applicant: _____ Date: _____
(print name)

Is this a phased project? Yes _____ No _____ If Yes, explain the construction schedule:

Will this project require the use of sub-contractors? Yes _____ No _____ If yes, briefly explain how you plan to inform the subcontractor(s) of the requirements of the project's compliance with the Construction and Demolition Debris Waste Management Plan:

Subcontractor _____ Bus. Lic.# _____

The City of Imperial Beach requires a minimum 50% diversion of construction and demolition debris for this project. Briefly state how materials will be sorted for recycling, reuse, or salvage on the project site:

If no materials will be recycled or reused, please explain why:
